Amid Reports of New Reverses in War With Greece, Mussolini Sends Gen. Ugo Cavallero To Take Charge of Italy's Hard-Hit Armies, as British Report Machine-Gunning of Germans in Trenches in France

MANY INCENDIARIES DROPPED ON LONDON

By The Associated Press
German troops in trenches along the Nazi-occupied French and Belgian coasts, presumably awaiting Adolf Hitler's signal to invade England, were reported today to have been machine-gunned by British warplanes in low-flying attacks, while other RAF raiders bombed Nazi u-boat bases and pounded the Italian cities of Venice, Turin and Catania.

Amid reported new reverses in the war with Greece, Premier Mussolini shook up his army command for the third time in two months, dispatching his chief of staff, Gen. Ugo Cavallero, to take charge of Italy's hard-hit armies in Albania.

General Cavallero, who helped Mussolini take over the Italian military machine in 1925, was credited with having played a major role in reorganizing Italian defenses after the Caporetto disaster in the World War. He succeeds Gen. Ubaldo Soddu, who was sent to command the Albanian campaign in a shakeup Nov. 10. Gen. Cavallero replaced Marshal Pietro Badoglio on Dec. 6.

Authoritative London quarters said the RAF's daylight gunning attack on Nazi troops, entrenched near the beach along the channel coast, was part of a campaign to drive German defenses back from the channel.

It was the RAF's fourth straight daylight attack on the Germans—highlighted by Friday's spectacular machine-gunning raid on German airbases over 1,000 square miles of northern France.

The London Air Ministry also reported RAF bombing attacks overnight on oil targets in Germany, Italy and Belgium, including a low-flying smash at refineries in Porto Marghera, near Venice, Italy, and Regensburg, in the Reich, and Ostend, Belgium.

Hitler's High Command, briefly noting the attack on Nazi channel troops, asserted "weakened forces" of British planes "attempted to penetrate German-occupied continental bases" at noon Sunday and that three RAF planes were shot down.

The German High Command also reported an RAF raid early today on the Bavarian city of Bayreuth, 125 miles north of Munich, where the Wagner musical festival is under way.

AMERICAN FREIGHTER REPORTED IN DISTRESS

New York, Jan. 13.—(P)—Lashed by heavy seas, the American freighter West Kebar reported she was in distress and taking in water early today some 500 miles east of Baltimore, near the regular New York-to-Bermuda track.

A half hour after the West Kebar wireless that she was listing heavily to port the American steamer Coelada messaged she could reach the West Kebar "within one hour and a half or two hours."

The 5,620-ton West Kebar left Free Town, British West Africa, on Dec. 23 with a heavy cargo of cocoa and mahogany. She was due in Boston Wednesday. Her home port is New York.

Uncle Sam Making New Effort to Return Worried Nephews and Nieces from Europe

Washington, Jan. 13.—(P)—Uncle Sam is making one more effort to bring his worried and war-trapped nieces and nephews back from Europe.

The state department, assisted by the American Red Cross, is repatriating cash-shy or destitute Americans who have remained in France through the war, either by choice or circumstances beyond their control.

Most have lost their property or their jobs and find it impossible to continue to live there under German occupation of northern France, increasing unemployment, and severe food rationing.

Accidents Take Toll Of 15 Over Weekend

By The Associated Press
Accidents in Pennsylvania took a toll of at least 15 lives over the week-end, as deaths on the highway were augmented by fatalities caused by fire, suffocation and coasting mishaps.

Mrs. Margaret McCoy, 70, was burned to death in Philadelphia, and four-year-old Joan Yvonne Hassel of Farrell died of burns suffered when her dress ignited as she stood near a gas stove.

Coasting accidents cost the lives of Donald Fisher, 12, who was killed at Pittsburgh when his sled collided with a trolley car, and six-year-old Barbara Mae Obusek, also of Pittsburgh, who was found dead near her smashed sled, the apparent victim of an automobile.

Four months old Thelma Alice Schaeffer was suffocated in her crib at Philadelphia.

FARVIEW STATE HOSPITAL TO BE INVESTIGATED

Honesdale, Jan. 13.—(P)—Investigation of conditions in two state mental institutions centered on the Farview State Hospital for the Criminal Insane today following charges of assault and battery lodged against two dismissed guards at the institution.

Wayne County District Attorney L. B. Maxwell said he had ordered "a general investigation of all activities" at the hospital, located in nearby Waymart.

The announcement came after Maxwell accused the guards, Edward Amerman, 28, of Hollisterville, and Howard Brainard, 21, of Waymart, of beating and kicking Daniel Morgan of Pittsburgh, a patient, during a fight at the hospital last Monday.

SENATE SEAT IS ISSUE IN FIGHT

CHARLESTON W. VA. JAN. 13.—(P)—Swift-paced political maneuvering by rival Democratic factions with a U. S. Senate appointment at stake, virtually overshadowed today's inauguration ceremonies for West Virginia's new governor, Matthew Manly.

Inauguration of former Senator Neely was in itself an anti-climax to the moves that took place last night and early today as Democrats jockeyed over the appointment of Neely's successor.

The result was that Neely, not waiting for formal inauguration, was sworn in as governor at midnight and immediately announced a senate appointment. At the same time, retiring Governor Homer A. Holt announced the name of his successor.

ETHIOPIAN DRIVE IN NEAR FUTURE IS POSSIBILITY

Belief Growing Among Observers in London Britain May Attempt Major Campaign With Aid of Native Rebels in Conquered Empire

STEEL BAND TIGHTENS

By The Associated Press
London, Jan. 13.—(P)—Belief grew among observers today that Britain may soon attempt a major drive against Italian forces in Ethiopia with the aid of native rebels in the fascist-conquered east African empire.

Interest in a possible Ethiopian campaign as an accompaniment to the present British drive across Italian Libya increased after Prime Minister General Jan Christian Smuts of the union of South Africa declared in a weekend speech that South Africa's 1941 role would be to "help clear Abyssinia (Ethiopia) of the enemy and not only Abyssinia, but British Somaliland."

Smuts further expressed hope that the end of this year "may see the African continent free of the enemy right up to the shores of the Mediterranean. That is the task to which South Africa has dedicated herself."

Meanwhile, big British field guns which helped crack Italian resistance at Bardia joined the ring of cannon pounding the defenses of the beleaguered Libyan seaport of Tobruk today.

Other British forces reported cutting off the important fascist supply line to the port.

ACTION BY RAYBURN IS UPHOLD

By Voice Vote Speaker's Assignment of Measure to the Foreign Affairs Committee Is Approved and Effort by Military Affairs Group to Bring It Under Its Jurisdiction Is Defeated; Attempt to Overrule is Foiled

TIME LIMITATION IS GIVEN CONSIDERATION

Washington, Jan. 13.—(P)—The administration won today the first congressional skirmish over its lease-lend bill for aiding Britain when the House upheld procedure charted by the membership for rushing consideration of the measure.

By a voice vote Speaker Rayburn's assignment of the bill to the foreign affairs committee was approved and an effort by the military committee to bring the measure under its control was defeated.

The vote was taken without debate, House rules permitting no argument on such an issue. The balloting was the first involving the British-aid bill introduced in the new congress Friday; the outcome cleared the way for Chairman Bloom (D-N.Y.) of the foreign affairs committee to commence hearings tomorrow with Secretary Hull as the first witness.

Chairman May (D-Ky) had acted on instructions from his military committee in moving that the speaker be overruled. He had contended that since the measure was concerned with national defense it should be referred to his committee.

A short time before the House session started, Rayburn declared that he "certainly wouldn't oppose" a time limitation on powers granted in the bill "if the limit ran concurrently with the emergency."

STATE CHAIRMAN SILENT ON G. O. P. REORGANIZATION

Harrisburg, Jan. 13.—(P)—Demands for a reorganization of Pennsylvania's Republican leadership came from two sources today, but failed to draw a response from State Chairman James F. Torrance.

The one demand took the form of a "grass roots" conference in Pittsburgh, called for tomorrow by a group of Western Pennsylvania Republicans.

The other was a letter to the 134 members of the Pennsylvania state committee from W. Clyde Harer, Lycoming county treasurer, who urged an immediate meeting of the organization and a change in "our tactics and our leaders."

Harer said in Williamsport that, although the letter was sent only last Thursday, there had been "quite a number of replies" over the weekend and he expected more today.

1776 Means Aid to Britain in '41

H. R. 1776

A BILL

(NEA Telephone)
The spirit of 1776 once meant defiance of British dominion over the colonies. Now, in 1941, 1776 means help for Britain in her war effort. House Majority Leader John W. McCormack of Massachusetts is shown reading House resolution, numbered 1776, which calls for "all out" aid from U. S.

These formed about the only business facing the House on its return at 9 p. m. tonight, unless the dispute between Governor James and Col. Philip Matthews, state WPA administrator, over the threatened halt of sewing projects on January 27, flares up on the floor.

A five-man committee, headed by Rep. William A. Shaw (D-Allegheny), was named last week to investigate a settlement of the controversy in a move to save the jobs of 12,000 needy women.

A threatened march on the capitol by some of the women workers was averted by the committee's entrance into the picture, Shaw said. Shaw and his group will confer with federal WPA authorities later in the week.

TRUCK DRIVER IS HELD IN DEATH OF MINISTER'S SON

Suspect Is Arrested Several Hours After Battered Body of Victim Is Found Beside His Burned Automobile on Lonely Road

QUARREL OVER GIRL

Ephrata, Jan. 13.—(P)—A 22-year-old truck driver was held today in connection with the hammer-slaying of a clergyman's son during a quarrel over a girl.

The battered body of the victim, Robert R. Hackman, 19, was found beside his burned automobile on a lonely mountain road near here yesterday and several hours later State Police Sergeant E. R. Rubincam announced the truck driver had admitted the killing and would be formally charged with murder today.

Hackman's father, Charles M. Hackman, is pastor of a religious sect similar to the Amish. The Hackmans live on a farm at Lincoln, a small farming community near here.

Sergeant Rubincam said the man arrested was an acquaintance of Hackman's and had signed a statement in which he admitted forcing Hackman to drive to an isolated state game preserve early yesterday and then beating him over the head with the victim's hammer.

Rubincam said Hackman had been keeping company with a girl with whom his attacker had been friendly up to four months ago.

He quoted the prisoner as saying "I was in love with her."

Saginaw, Mich., Jan. 13.—(P)—Police used tear gas to quell disorder at the gates of the Wilcox-Rich division plant of the Eaton Manufacturing Company this morning as CIO United Automobile Workers pickets and officers clashed.

At least seven persons, including two pickets and five policemen were injured.

At East Lansing Captain Laurence Lyon, of the state police, said he was holding a force of uniformed troopers in readiness to proceed to Saginaw in the event of a further outbreak.

Approximately 100 police and sheriff's deputies were on duty this morning as some plant employees attempted to make their way through the picket lines. Witnesses (Turn to Page Nine)

Assembly May Take Two Days To Fill Jobs And Committee Places and Adjourns to 27th

Legislators Anxious To Get Away From Harrisburg In Time to Attend Inauguration of President In Washington Next Week

MANY BILLS PREPARED

BY HAROLD WARD
Harrisburg, Jan. 13.—(P)—Leaders in both House and Senate expressed the opinion today that details of committee appointments and filling of jobs at the disposal of the legislators might keep the assembly in session two days this week, despite an otherwise blank calendar.

By agreement at the one-day opening session last Tuesday, introduction of bills was delayed until after January 27. Adjournment is planned in the meantime to permit members to attend the inauguration of President Roosevelt for a third term in Washington.

The senators, at least, have "lots of bills ready" for presentation when the ban is lifted, said Senator Charles H. Ealy, (R-Somerset), president pro tempore.

Ealy said his appointments to the senate's 26 committees would be completed before that branch convened at 4 p. m., but the Republican majority's selection for the Senate employees' list might require more time.

In the House Speaker Elmer Kirtley (D-Philadelphia), also thought it likely that the members would be kept in the capitol for a Tuesday session.

Chairman Albert S. Readinger (D-Berks) of the House committee on committees, announced the chairman of that branch's 42 committees, important because of their control over bills.

These formed about the only business facing the House on its return at 9 p. m. tonight, unless the dispute between Governor James and Col. Philip Matthews, state WPA administrator, over the threatened halt of sewing projects on January 27, flares up on the floor.

LANDON SCORES WILLKIE FOR HIS SUPPORT OF BILL

New York, Jan. 13.—(P)—Wendell L. Willkie favors passage with modification of President Roosevelt's aid-to-Britain bill and plans a flying trip to England to survey the situation.

Approval of the proposed "lend-lease" measure was announced by the 1940 Republican presidential candidate yesterday and brought immediate comment from Alf Landon, who said:

"If Mr. Willkie had revealed that to be his position before the Republican national convention he would not have been nominated."

Willkie tempered his support of the bill by declaring the powers it would grant the president should be "for a fixed term, not too far in the future" and that congress should not be "handed" into its passage.

JUSTICE PARKER PLANS TO SEEK RE-ELECTION

Philadelphia, Jan. 13.—(P)—Supreme Court Justice William M. Parker is 70 years old, but his years do not stop him from looking far ahead.

He announced yesterday he intended to be a candidate for a full 21-year term in the election this fall. An Oil City Republican, he was appointed to the Supreme Court by Governor James to fill the vacancy created by the death of Justice H. Edgar Barnes a Democrat.

"The campaign is still a long way off," Justice Parker said. "I expect to be a candidate."

He served on the Superior Court for nine years until his elevation to the Supreme Court. His present term expires January 6, 1942.

Group Asks Uniform Thanksgiving Date

Lancaster, Jan. 13.—(P)—The Pennsylvania Retailers Association plans to ask President Roosevelt to "get together" with 48 governors on a uniform date for the national observance of Thanksgiving.

In a statewide poll announced yesterday, 80 per cent of the association's members voted for a single uniform date and 61 per cent expressed a preference for the early date observed nationally the past two years.

Thirty-seven per cent of the membership voted in favor of the traditional "late" Thanksgiving which Pennsylvania observed last year. The remainder failed to state a preference.

FORMER RESIDENT IS KILLED

Mrs. Ruth Ada Beebe Anderson, Wife of Roy A. Anderson, Sustains Fatal Injuries While Chopping Wood From Fallen Tree Which is Accidentally Dislodged in Yard Of Home in Jamestown, N. Y., Sunday Afternoon

BODY IS BOUGHT TO WARREN DURING DAY

A dead tree which was blown over several months ago crushed the life of Mrs. Ruth E. Beebe Anderson 58 years old, of 97 McKinley street, Jamestown, N. Y., a former Warren resident, Sunday afternoon when she apparently accidentally dislodged the tree while gathering firewood.

Coroner Samuel T. Bowers announced that Mrs. Anderson died a few minutes after being admitted to the W. C. A. Hospital in Jamestown. The coroner said he would issue a verdict of accidental death due to internal injuries.

The tree which caused Mrs. Anderson's death had stood practically lifeless for years. Early in the fall a strong wind toppled it into the rear yard of the apartment in which the Andersons lived. Supported by the remaining branches, the trunk had veered several feet above the ground and had been a favorite play spot for children.

Mrs. Anderson was gathering wood from the tree yesterday afternoon. She was using a double-bitted axe and apparently had chopped some branches from the tree when it fell.

ONE KILLED IN RIOT IN ECUADOR

BY JOHN LEAR
Quito, Ecuador, Jan. 13.—(P)—Two rioters were shot fatally, 17 others were wounded and 13 policemen were hurt yesterday in a demonstration through this capital's streets which ended in a stoning of the presidential palace.

For three hours, demonstrators paraded to demand the freedom of eleven Ecuadorian army fliers imprisoned on charges of complicity in an abortive revolution Jan. 12, 1940, on behalf of Velasco Ibarra, defeated presidential candidate in last year's election.

President Carlos Arroyo Del Rio was unhurt, although rooms of his palace were showered with fragments of glass from smashed windows.

Unshaken, the president received me for an interview immediately afterward and minimized the incident as due to a small faction of "Socialist and Communist traitors."

Pennsylvania Calls Up Two Artillery Units For Training At Fort Shelby, Mississippi

Harrisburg, Jan. 13.—(P)—Pennsylvania called up two artillery units for training at Fort Shelby, Miss., today and swung into full speed in inducting a quota of 3,434 young draftees into the army for a year of military drill.

Approximately 1,800 Pennsylvania National Guardsmen of the 190th and 166th Field Artillery regiments were ordered to report to home armories today for a ten-day "incubation" period before leaving for the Mississippi army post—to be gone for a year or more.

First of the draftees—118 of them were summoned to Harrisburg from surrounding communities and counties on Saturday and another 121 white men and three negroes reported today with 131 scheduled for induction tomorrow.

Judge Karl E. Richards, of the Dauphin county orphans court, presided at farewell ceremonies for today's contingent. Included in the group was his son, Karl Martin Richards, a volunteer.

Judge Richards gave his son a firm handshake and went with him to the street where the military cars were waiting to take the men to the Harrisburg military post for final examinations.

Centers in Wilkes-Barre, Pittsburgh, Altoona, and Philadelphia, will provide the balance of the quota between January 14 and 31.

The remainder of the Pennsylvania National Guard, making up the 28th Division, is scheduled to encamp at Indiantown Gap next month to form the bulk of that post's expected 22,000 enrollment.

Funds Are Made Available Here to Finance Food Stamp Plan in County

Through the cooperation of the Warren Clearing House Association, the Warren Chamber of Commerce today was able to notify the Federal Surplus Commodity Administration that the funds will be available here to finance the use of food stamps in the county, providing the program is adopted.

Emmons R. Jones, chairman of the special committee on food stamps, and H. W. Correll, secretary of the Chamber of Commerce, attended a meeting of representatives from five northwestern Pennsylvania counties in Meadville last Friday at which time they conferred at some length with a representative of the administration on the subject.

Following that meeting, which included representatives from Crawford, Mercer, Venango, Erie and Warren counties, it was stated that the question of instituting the food stamp plan remained a matter of conjecture, although a decision was expected this week.

While other features of the program were settled, the matter of county commissioner sponsorship in each of the counties remained undecided.

It was explained at Friday's meeting that the federal government requires county commissioners of Pennsylvania counties to sign agreements as sponsors for the plan, when and if enabling legislation now being advocated is passed. The commissioners, although acting as sponsors, would not have to pay the costs of the plan.

Money necessary to operate the plan would be secured from banks or clearing house associations in the respective counties, the meeting was told by William McKnight, of Philadelphia, head of the plan in Pennsylvania. In most cases he said, no interest has been charged, since the money has been readily obtainable from the lending agencies who make the loans as benefits to their respective communities.

The plan operates through a revolving fund, which, it was announced, had been set at \$100,000 for the northwestern Pennsylvania area. This \$100,000 would be used to purchase food stamps which are sold to relief recipients.

With reference to the county commissioner angle it developed that commissioners of the five counties had not been fully informed of the part which they would be expected to take in the operation of the plan. Representatives at Friday's meeting agreed to contact commissioners in their respective counties immediately in order that a decision might be reached this week which McKnight pointed out as the deadline.

County commissioners here this morning said that they had taken no action in the matter, inasmuch as there is no legislation to permit their participation.

It was pointed out today by the local Chamber of Commerce that the use of food stamps would provide fifty percent more food for persons receiving public assistance and would put actual cash into circulation through smaller grocery stores.

If the plan is authorized for Warren county, orange colored food stamps will be provided for use by the eligible. These may be purchased in stipulated quantities to purchase any kind of food. With each dollar's worth of orange stamps, 50 cents worth of blue stamps would be given. These may be exchanged in any store at face value for any surplus food commodity. A list of these items will be published weekly.

The stamps may be used in any store and the storekeeper can turn them in for actual cash at the close of the day's business or weekly. Thus, persons receiving assistance would be benefited and grocers would find their sales increased, it was stated.

Agreements required by the food administration were executed here this morning and Mr. Correll took them to Erie to get them there in time to be considered before the end of the stipulated period, which will be Wednesday of this week.

In a statement today Maurice R. Emery, president of the Chamber, said: "I believe that this is one of the most useful projects that the Chamber has sponsored for a long time, inasmuch as it benefits a great number of people in the community."

In level flight, the fastest speed ever attained by an airplane was 472 miles an hour. This was done by a German pilot in a special Messerschmidt plane.

FOUR ARE HURT WHILE ENJOYING WINTER SPORTS

Three children were hurt in coasting accidents and one in an ice skating accident over the weekend in this vicinity, according to a report from the Warren General Hospital. None was injured seriously, however.

Late Saturday afternoon, Marilyn Rudolph, 5-year-old daughter of Mr. and Mrs. Russell Rudolph, of Starbuck, sustained a laceration over her left eye and a laceration on the lower lid of the left eye when her sled struck a water pipe while she was sliding near her home. She was brought to the hospital for treatment and later discharged.

Joan Carlson, 8-year-old daughter of Mr. and Mrs. E. W. Carlson, 113 Connecticut avenue, is in the hospital with a laceration on her forehead received while coasting near her home Sunday. Her sled also struck a pipe, it was reported. X-rays were taken to determine whether her injury might be more serious.

Carolyn Johnson, 11, daughter of Mr. and Mrs. George Carlson, 311 Frank street, was treated today for a fracture of the left shoulder, sustained yesterday when she fell from her sled while coasting. She was discharged from the hospital following treatment.

Earl Sturgis, 14, son of Mr. and Mrs. Stanley Sturgis, 214 Pennsylvania avenue, west, was also treated this morning for a fracture of the left wrist. He was injured Sunday when he fell while ice skating.

In connection with the coasting accidents, Police Chief George Haehn today requested that extreme caution be used to avoid accidents on local streets. He said that by tomorrow he expects to announce a list of streets to be set aside for coasters.

ESCAPE INJURY AS CAR LANDS IN ICY STREAM

Youngsville, Jan. 13.—Two occupants of a car, reported to have been from Corry, escaped serious injury about 3 a. m. Sunday when the machine left the highway near the bridge in the center of Youngsville and plunged down a 30-foot embankment into Brokenstraw creek.

According to reports, the machine skidded on the slippery street, going onto the sidewalk on the left side, careening back across the road and over the sidewalk on the right side before plunging into the icy waters.

A local resident, Donald Sheldon, who witnessed the accident, brought his truck and attempted to get the car out of the creek but only succeeded in getting his truck into the stream. The Marine garage wrecker removed the car from the stream yesterday and the truck this morning. Neither machine was badly damaged.

The elder Mr. Lynn returned to his room and again saw the woman still prostrate under the tree. He rushed back downstairs and he and Lewis Lynn ran to the woman's aid, calling upon Rupert Wilcox to assist them.

The three men released the woman from under the tree trunk by propping it up with other branches. They then called an ambulance.

Mrs. Anderson's husband, Roy A. Anderson, also a former Warren resident and general utility man, was sleeping in his chair at home at the time of the accident and was not notified for several minutes. He assisted in carrying his wife to the ambulance and accompanied it to the hospital.

Mrs. Anderson was born in Sherman, N. Y. She came to Warren in 1916 and resided here until about eight years ago, when she and her husband moved to Landover, where they resided on a farm for about four years. For the past four years they had resided in Jamestown.

Besides her husband she is survived by three daughters, Mrs. James Ryan, of Sugar Grove; Mrs. A. W. Pedersen and Mrs. B. L. Hook, of Clearmont; two sons, Clair Hayes, of Sugar Grove, and Leslie R. Hayes, of Warren; two sisters, Mrs. Mildred Gustafson of New York City, and Mrs. M. Farr, of Los Angeles, Calif., and ten grandchildren.

Removal was made to the Henderson and Lincoln Funeral Home in Jamestown and this morning the remains were brought to the home of her son, Leslie, at 7 East St. Clair street, where services in her memory will be held at 11 a. m. Wednesday. Interment will be in the Sherman, N. Y., cemetery.

An era is longer than a period in the earth's geologic calendar.

TWO LOCAL MEN ARE INJURED IN ERIE ACCIDENT

Five employees of the Pennsylvania Department of Highways, including two from Warren, were injured Saturday morning, shortly after 11 o'clock, when a station wagon in which they were riding was struck by an automobile and then struck a tree on West Lake road at the entrance of Clifton drive, Forest Park, Erie.

Those injured were David B. DeForest, 30, of 607 Market street, Warren, driver of the station wagon; Edward Branch, 21, 8 East Third avenue, Warren; Harry M. Meyers, R. D. 1, Franklin; James Linnam, of Franklin, and Earl Morse, 921 French street, Erie.

DeForest, who was treated at St. Vincent's Hospital in Erie for head lacerations and a wrist injury, was brought to his home here Saturday evening.

The others are still in Hamot Hospital, Erie. Branch has chest injuries; Morse, possible chest injuries; Linnam, shoulder injuries; and Meyers, scalp lacerations.

The highway department station wagon collided with a car which was reported to have driven out of Clifton drive and in front of the machine occupied by the five men. DeForest pulled the state car to one side and avoided a broadside collision. The station wagon skidded on the icy highway and hit a tree.

HURT IN CRASH

Two Warren young women received minor injuries in an automobile accident which occurred Saturday night at Murray avenue and West Sixth street in Jamestown when cars operated by Charles R. Caldwell, 108 North Irvine street, Warren, and George L. Caldwell, of Jamestown, collided. Mrs. Caldwell received injuries to her knee and face and Miss Agnes Monroe, of 12 North Irvine street, knee and facial injuries. The Caldwell car struck a tree after the crash.

CRASH AT LUDLOW

Two Jamestown young women were slightly injured about four o'clock yesterday afternoon in a three-car collision in Ludlow, which occurred when a car driven by Loretta M. Funk, 129 Fulton street, Jamestown, proceeding west, skidded on the curve in the center of the town and collided with a coupe operated by George R. Conquer, R. D. 2, Sheffield, going west. The Funk car then struck a parked sedan owned by Vincent Weston, of St. Marys. All three cars were damaged considerably, and Miss Funk and an occupant of her car, Miss Loretta M. French, also of Jamestown, were slightly cut about the face. The accident was investigated by Private B. A. Reeder, of the state motor police.

HIKE ENJOYED

Another pleasurable winter hike yesterday afternoon registered the thirteenth trip of this season for the Allegheny Hiking Club. Twenty-four persons joined the group including one new recruit. Driving to the Kinzua road, the hikers walked up Wardwell run to the top of the hill, turning left along the ridge to a point near Towline Hollow, and then following the old Spitz road to the highway, returning on Route 9 to the starting point. The hike was mainly through old abandoned lumber roads and afforded some delightful winter scenery. A distance of nearly seven miles was covered. The club is planning a luncheon dinner at Jefferies on Thursday, January 23rd, and further announcement will be made in the Times-Mirror later this week.

Hydrogen is the lightest of all substances. Seven hundred and fifty quart bottles could be filled by one pound of it.

ped into submission both the Indians and the bad men, when that very civilization brought into the far frontier the terrors and trials of a Civil War, "Arizona" has won the applause of motion picture critics and fans in every section of America for its amazing, absorbing spectacle of a nation being born. Miss Arthur is seen as Phoebe Titus, the white woman in the Arizona territory, who dreams of the time when the land will be at peace, free from savage Indian raids and lawless frontier killers, and who courageously battles both to bring that day nearer.

Local Youth Poses As Carrier Boy In New Kind of Racket

A local youth whose ingenuity could stand being guided into a better channel is at present engaged in a racket all his own.

Under the guise of seeking funds for a new boy's dinner, the lad is victimizing local residents by asking for donations, and has collected quite a little sum through this unauthorized solicitation.

Subscribers are warned not to make any donations as the boy is not a paper carrier and no such dinner has been planned. The Times-Mirror will appreciate being informed of any further attempts to solicit funds of this kind.

BEWARE NOW OF EPIDEMIC COLDS!

Here's Some Good Time-Tested Advice

With folks all around suffering with contagious colds, be just as careful as you can—and you may avoid a lot of sickness, trouble and worry. Follow these simple rules of health: Live normally. Avoid excesses. Eat simple food. Drink plenty of water. Keep elimination regular. Beware of wet feet and drafts. Take some exercise daily—preferably outdoors. Get plenty of rest and sleep. Then use these two time-tested treatments when needed.

AT THE FIRST SIGN OF A SNIFGLE, SNEEZE OR NASAL IRRITATION, put a few drops of Vicks VapoRub up each nostril right away. This helps to prevent many colds from developing, because VapoRub is expressly designed to help Nature's own defenses against colds. (If a head cold causes stuffiness, you'll find that a few drops of VapoRub helps clear the clogging mucus and makes breathing freer and easier.)

IF A CHEST COLD OR COUGHING COLD DEVELOPS (some colds get by precautions) depend on Vicks VapoRub to relieve misery. Rub VapoRub on throat, chest and back and cover with a warm cloth. VapoRub acts to bring relief 2 ways at once, it stimulates surface of chest and back like a warming poultice. At the same time it releases helpful medicinal vapors that are breathed direct into the irritated air passages.

Both VapoRub and VapoRub have been tested through years of use in millions of homes. When you use these two medicines you are not experimenting; you are not taking needless chances. Remember: If the condition of the cold fails to respond quickly to treatment—or if more serious trouble is indicated—call your family physician right away. In the meantime be prepared! Get a bottle of Vicks VapoRub and a jar of Vicks VapoRub today.

tree. She had been working in the yard for several minutes before the accident.

Prior to the accident, a passerby spoke to Mrs. Anderson and she remarked that the dead tree made good kindling wood.

Probably the only eyewitness to the mishap was C. Oscar Lynn, of 108 McKinley avenue, Jamestown who resides next door. Mr. Lynn was sitting in an upstairs window, he told Coroner Bowers. He said he saw Mrs. Anderson cutting limbs from the tree and then saw her tugging at a large branch. He said she used the axe again and stooped over to pull out a branch. While she was in this stooped position, Mr. Lynn told the coroner, the tree slowly rolled over onto her. It is thought the chopping had released one of the supports for the trunk and caused it to give way. The tree was lodged partly against a bank several feet high and the woman was on nearly level ground.

Mr. Lynn ran downstairs and told his son, Lewis Lynn, what he had seen and the younger Mr. Lynn left his dinner table and went to the window. He told the coroner he was unable to see the woman, but that he saw Rupert Wilcox, who lives in another apartment of the house in which Mrs. Anderson lived walk out to a bonfire and return to the Wilcox. He said he thought Mr. Wilcox had assisted the woman and returned to his dinner.

The elder Mr. Lynn returned to his room and again saw the woman still prostrate under the tree. He rushed back downstairs and he and Lewis Lynn ran to the woman's aid, calling upon Rupert Wilcox to assist them.

The three men released the woman from under the tree trunk by propping it up with other branches. They then called an ambulance.

Mrs. Anderson's husband, Roy A. Anderson, also a former Warren resident and general utility man, was sleeping in his chair at home at the time of the accident and was not notified for several minutes. He assisted in carrying his wife to the ambulance and accompanied it to the hospital.

Mrs. Anderson was born in Sherman, N. Y. She came to Warren in 1916 and resided here until about eight years ago, when she and her husband moved to Landover, where they resided on a farm for about four years. For the past four years they had resided in Jamestown.

Besides her husband she is survived by three daughters, Mrs. James Ryan, of Sugar Grove; Mrs. A. W. Pedersen and Mrs. B. L. Hook, of Clearmont; two sons, Clair Hayes, of Sugar Grove, and Leslie R. Hayes, of Warren; two sisters, Mrs. Mildred Gustafson of New York City, and Mrs. M. Farr, of Los Angeles, Calif., and ten grandchildren.

Removal was made to the Henderson and Lincoln Funeral Home in Jamestown and this morning the remains were brought to the home of her son, Leslie, at 7 East St. Clair street, where services in her memory will be held at 11 a. m. Wednesday. Interment will be in the Sherman, N. Y., cemetery.

BIG SHOT GOES TO PRISON

Howard C. Hopson strutted his little hour across the stage—and a very big shot he was, too. He was able to play ducks and drakes with congressional committees who wanted his testimony in their investigation of lobbying, to appear only at his pleasure and then with a very cocky and complaisant attitude.

Now, a broken and whimpering man who mumbled dazedly through his trial, he entered Lewisburg prison last Thursday night to serve a five-year sentence.

It is no use to gloat over the downfall of Hopson, a singularly unattractive man personally in contrast with more vivid and magnetic scoundrels who have gone before him. There is more at stake here than fate of a single individual who inflated himself at other people's expense until for a brief moment he thought he was bigger than the people's government itself. At the very moment of his greatest arrogance, part of the \$20,000,000 he had obtained fraudulently from customers and stockholders was in his pockets. He was using part of it to attempt to influence the course of national legislation.

But Hopson's lawyer, pleading for leniency, made a remark to the court which is worthy of attention. "All of these transactions were in years gone by," he said. "Standards were different then. He was the victim of the standards of a different era."

Can we depend on that? One certainly hopes so. No system, economic, political, or social, can survive unless those who are in positions of trust prove themselves trustworthy. No more deadly blows have ever been struck at "The American Way" than have been struck from the inside by men like Hopson who have used the sacred name of individualism as a cloak beneath which to steal and defraud and do deeds which looked devious and dark when exposed to the daylight.

We hope Hopson's lawyer was right when he condemned Hopson's practices to "a different era." We have had recent assurance from the highest circles of the utility business that the Hopson kind of now-you-see-it-now-you-don't practices are truly of the past.

This all have a right to expect and demand; none should hope more fervently that it is true than those whose faith in "The American Way" is unshaken.

The American Way is, first of all, an honest way.

"If there is one absolute prerequisite for charm," says Ibbie Bryan in Your Life Magazine, "it is the ability to relax. And I know of no more effective way to do it than to dine by candlelight. We all scurry about so that cluttered nerves often sneak up and pick our pockets of charm before we know what's happening. But if you will take a lesson from your grandmothers and try candlelight, you'll relax in spite of yourself."

It is urged that every member of the School Music Boosters' Association attend the meeting tonight at eight o'clock at the Beaty building. There will be election of officers but of no less importance will be a discussion of plans for the entertainment of students participating in the district band festival in Warren January 23, 24 and 25.

The county loses a valued resident in the passing of Eugene Crooks, Sr., whose funeral was held from his home in Corydon this afternoon. Active in fraternal organizations and politics Mr. Crooks had a host of friends throughout the county who are grieved over news of his death.

A score of members of the Allegheny Hiking club enjoyed another invigorating and delightful jaunt Sunday afternoon. Can't beat this group for enthusiasm.

It might be consoling to some folks to be reminded that there is but one Friday the 13th this year.

Waiting for the Signal to Open Up

YOUR NATION'S CAPITOL

By Bruce Catton

The Times-Mirror Washington Correspondent

TAKES UP MANTLE ONCE

WORN BY MAURY MAVERICK

Washington, Jan. 12.—The so-called "liberal" bloc of the House of Representatives, which hasn't been heard of much since Maury Maverick disappeared from the capital scene, is trying to stage a comeback in this new Congress under the leadership of John Coffee of Washington state. The bloc, which is a formidable one, yet, it is merely an informal, almost impromptu grouping of somewhere between 25 and 50 House members. It has just enough of an organization to have a chairman, who is Coffee. Its members meet once a week during sessions, usually in the Dodge Hotel. There's generally a speaker—sometimes a congressman, sometimes an outsider—whose talk is followed by a chat on pending legislation and a discussion of current issues.

This group had more importance earlier in the New Deal than it has had since Maverick unintentionally brought it low in his final term. He was chairman, and was forever being referred to in print under that title. The average congressman, liberal or otherwise, is pretty jealous, so a lot of bloc members began to figure they weren't doing anything much besides getting Maverick a lot of publicity, and attendance at the meetings dropped. Coffee is keeping pretty much in the background, nursing the bloc back to vigor with due regard for everyone's sensitivity.

Coffee himself is an unusual sort. Son of a well-to-do Tacoma business man who was once president of the Tacoma Chamber of Commerce, he was reared in

better-than-average comfort and given an expensive education at the University of Washington and at Yale.

There was a strong liberal tradition in the family, however. William Jennings Bryan used to visit the home where Coffee was a child, and the elder Coffee was a great admirer of the elder Bob La Follette—and as soon as John Coffee got to Washington in 1936 he began to establish a reputation as a two-fisted left-winger.

But as chairman of the new House liberal bloc, Coffee isn't just another congressman spouting. He speaks for a group which sometimes holds the balance of power in the House when the Democrats get more than usually split and which often runs interference for the administration on measures and ideas the administration can't go to the front for.

This group, says Coffee, is going to be unusually vigilant this winter to "protect domestic reforms and see that monopoly doesn't get further entrenched under the cover of the defense program." Congressman Howard Smith of Virginia has re-introduced his Wagner Act amendments, which failed of passage in the last session, and stands ready to bring in a bill restricting labor's right to strike in defense industries. It's such measures that the House liberals are gunning for.

"The reactionaries are going to take strikes in defense industries as examples of hampering our patriotic effort," says Coffee. "but they say nothing about the way some industrialists are demanding their pound of flesh. If they put any such laws through you can bet labor will start hollering to

have the government do some countering of factories. "Of course, what's happening is that a few extremists on both sides are guilty. They've all got to see that the public interest comes first in this emergency."

STORIES IN STAMPS

Ancient Mayas Devised Near-Perfect Calendar

A THOUSAND years before Columbus discovered the New World, there existed a civilization in Central America that was the most advanced in the Western Hemisphere prior to the coming of Europeans. But only within the last 40 years have the achievements of the Mayas been fully appreciated. The civilization had reached its peak and declined before Spaniards reached Mexico.

Guatemala has preserved evidences of this lost Mayan civilization for stamp collectors in many issues, including that above, picturing a Mayan altar. Another Guatemala stamp pictures the Mayan calendar, a system so accurate that no one day could be confused with another over a period of 370,000 years.

Modern archaeologists have uncovered ruins of magnificent cities—Chichen Itza and Mayapan—discovered sites of palaces and temples, artificial reservoirs and paved highways. Mayan inscriptions are now decipherable, providing a written record of this great race.

Mayan culture centered in Yucatan. Although the Mayas and Aztecs are believed to have a common ancestry, the Mayas far surpassed the people Cortes conquered in Mexico. Civil strife, resulting in destruction of their cities, ended the glory of this early American people.

Man About Manhattan

By GEORGE TUCKER

NEW YORK — Lay awake half the night reading the Civil War memoirs of Henry Kyd Douglas — "I Rode With Stonewall" — which were only recently published after reposing for 40 years in a trunk in West Virginia.

Douglas was the youngest officer on Jackson's staff and rode with him through the famous Valley campaign, at Chancellorsville, where Jackson was killed, and later with Ewell, Stuart and Early. He was himself shot and captured at Gettysburg, but was later exchanged and finished out the war at Appomattox, his command being the last to fire a shot and the last to stack arms.

His account of lonely cavalry duels by moonlight, eggnog parties in bivouac and gay weddings between battles are an interesting affirmation of the legends of drums and roses that have come down through the leafy years.

THIS morning after rashly tasting a little crapple jelly, whose tartness speedily reminded me that mumps and acidulous fruits do not go together, I got off notes to Ferde Grofe, composer of the "Grand Canyon Suite" who is leaving almost immediately for the coast film studios; to George Sutton, co-author of the book "Up and At 'Em," who writes that he has 14 prize ducks entered in the New York poultry show and hopes for a blue ribbon; to Frederick Machetanz, who came back from the Arctic to write and illustrate books about it and who sent me a copy of his newest book, "On Arctic Ice"; to Tom Waller of Paramount and to Mel Graff of Nyack, N. Y., an old fishing companion and colleague of mine who has invited me to a party over the weekend and wouldn't he be horrified now if I accepted!

When I was in the West Indies last summer I sent a card from Puerto Rico to some friends in Carthage, Mo., and in the early mail this morning came a belated acknowledgment, thanking me for my note from "Guam." . . . I look up Puerto Rico on the map and then look up Guam. . . . They aren't even in the same ocean. But then who cares, and what is a little geography between friends anyway. . . .

The opening last night of Guthrie McClintic's new play on Broadway — "I read, out it in the papers — reminds me that this producer and Katharine Cornell have been married 19 years. . . . Although she sometimes directs plays for others, she will permit no one to direct her save her husband. . . . Miss Cornell thinks her husband is the finest director in the world, and judging by the long line of successes she has had, she may have something there.

I was amazed to learn that the N. Y. public library has more than 350 copies of "Uncle Tom's Cabin" in active circulation. . . . I didn't know it was still in such demand. . . . If the lady in the midwest who wrote me in regard to an autographed copy of the "Life of O. O. McIntyre" will communicate with me I will send it to her. . . . Unfortunately, I have misplaced her address. . . .

LOW FIRE LOSS AT SHEFFIELD IN PAST YEAR

Sheffield, Jan. 11.—Fire loss in Sheffield township in 1940 was the lightest it has been in several years, amounting to only \$671, a considerable reduction over the 1939 loss, which amounted to over \$300,000.

The figure is announced in the annual report of the fire department activities for the year, compiled by Harry Mickel, department statistician, whose report also includes the information that 21 fires were responsible for the damage.

The department answered 22 alarms altogether, the additional one having occurred in Tiona, destroying the Rogers home and causing loss estimated at \$1,850.

The report lists the fire causes as follows: Over-heated stove pipe, 2; defective flue, 1; chimney, 6; unknown, 2; thawing water pipes, 1; burning rubbish, 1; welders sparks, 2; burning apples, 1; turpentine on stove, 1; ashes in waste basket, 1; lightning, 1; overheated stove, 1; electric wiring, 1; burst glass tank, 1.

A total of 456 men responded to the alarms and spent on aggregate of 15 hours, 30 minutes fighting the fires.

The department held 12 regular meetings during the year, 6 practice sessions; attended parades at Johnsbury, Warren, Marienville and Ridgway, besides participating in the local parade Memorial Day and acting as patrol officers for the Halloween parade here. Also, the firemen acted as guards at the big armistice held at Barnes airport last summer.

One member of the company died during the year. He was Steve German, who was killed in a motor accident last January.

The 1940 season was the 16th for the present company.

Meet the new champions! For the past three years the Philadelphia team of Mrs. R. C. Young, Charles H. Goren, John R. Goren and Charles J. Goren have held the national open team-of-four title. Ironically, they lost it in their own home city to the team of Jeff Glick of Miami, Fla., Morry J. Glick and Harry Feinberg of Cleveland, and Louis Newman of Washington, D. C.

This team took the lead in the first session and remained out in front in all three sessions. The Philadelphia team finished in a tie for third place.

The new champions are all exceptionally fine card players. I have always recognized Harry Feinberg as one of the outstanding players of the country, and today's hand proves it.

The ace of spades won the first trick and dummy led a spade which Feinberg (North) ruffed at. The black suits seemed indicated. Feinberg led a low club to the king. When the queen fell, he had to decide whether this was a false card. If it was not, he could not continue clubs without losing the contract through a ruff.

Feinberg decided to play safe. He led a third spade from dummy and ruffed with the king of trumps. A low trump lead was passed by East, dummy winning with the eight. A fourth spade was ruffed with the ace of trumps and exited with his small trump. Dummy won with the jack and cashed the other two trumps.

In the end Feinberg was able to read the situation in the minor suits and the finesse of the club ten made the slam contract.

Bulgarian Parliament Buildings, Sofia.

Once more a small European nation finds itself accidentally blocking the road for the German military machine—one once more the word "ultra" appears in headlines. This time it is Bulgaria, whose King Boris for so long steered his little nation safely through the treacherous water of his warning neighbors' pressure-politics. The photos above show scenes in Sofia, once-gay Bulgarian capital, now darkened by the clouds of war.

German invasion of Bulgaria is seen as next step in Adolf Hitler's sweep of military and political conquest from the Arctic to the Black Sea that has already enveloped 11 European nations. With German troops on her borders and Nazi pressure being applied to her leaders, Bulgaria is reported about to make it an even dozen.

 he had planned to give the youth a "good beating."

This is the version Rubincam gave of the slaying.

Arriving at the game preserve, Hackman attempted to push the other man from his car and drive away, but was thwarted when his attacker jumped to the running board and smashed the window.

At this point Hackman's car struck a stump, throwing the other man to the ground and starting a fire inside the auto. Armed with a hammer, Hackman climbed out of the car, his companion, however, wrested the hammer from him and beat him until he fell to the ground unconscious.

The prisoner later drove the burning car to a clearing several hundred yards distant, carried Hackman to a spot next to the car and then walked home. Police found the hammer several yards away from the machine.

The assailant was awaited at an intersection he knew Hackman would pass and climbed into his automobile when the youth waited for a highway stop sign. When Hackman's body was found parts of his clothing had been burned.

Regarding his planned trip abroad, he disclosed that in a telephone conversation with Secretary of State Hull he had received permission to obtain a passport and would leave by Clipper within two weeks seeking personal contact with the situation. "Just as I did when I was practicing law," he said he would see "most anybody who wants to see me."

After a stay in England of two or three weeks, he said he expected to resume the practice of law in New York.

Neely's first act was to designate Dr. Joseph Roster, president of Fairmount State Teachers College and former president of the National Education Association, as his choice to serve out the two years remaining of Neely's term.

Holt in three official proclamations, has designated Clarence E. Martin of Martinsburg, former president of the American Bar Association, as his senate appointee.

Neely and Holt each contends he has the right to make the appointment. Political observers were inclined to the belief that the senate itself would settle the issue.

EMMA L. CONFER

Funeral services will be held at two o'clock Tuesday afternoon in the Starr Evangelical church in Forest county for Mrs. Emma L. Confer, aged 55, who died in the Warren General Hospital Saturday following a long illness. Interment will be made in the church cemetery.

Confer in 1905 and they were parents of seven children, three of whom survive as follows: Mrs. Clarence Payne, Marienville; Mrs. Russell Kiffer, of West Hickory, and Roy, at home.

Another son, Henry, was killed in a fall at the Tionesta dam project in September. Two sisters, Mrs. Anna Littlefield, of Endeavor, and Mrs. Marian Bean, also survive.

Shift Is Made In Albania

 vals are held. It is an important railway junction, as well, little damage was reported.

While London underwent another severe "fire raid" by the Germans, the RAF attacked Nazi u-boat bases at Lorient, Le Havre and Brest, France, and blasted four German-held airfields at Vannes, Chartres, Evreux and Morlaix with "good results observed," the Air Ministry said.

A British communiqué reported "many incendiaries" were dropped on London in an attack that lasted three and one-half hours; but hundreds of civilians pitched in to help firemen smother the fierce-burning bombs. Casualties were reported "not heavy."

On the Albanian war front, a dispatch from an Associated Press correspondent with the Greek counter-invasion armies said Greek shock troops were impeding the Italian defense line beyond Kilsura, in central Albania, and that the Greek advance was so rapid that the unburied Italian dead "still litter the battlefield."

Kilsura, he said, is only a cluster of blackened ruins after an incessant rain of Greek artillery fire. Dispatches from Athens said the Greeks were sweeping forward without serious check closing in on Valona, Italy's last big port in southern Albania.

Other Greek advances were reported on the far north front, in the Pogadetz sector, with fierce hand-to-hand battles in progress and Italian supplies endangered by the capture of a large number of pack mules.

Premier Mussolini's High Command again reported only "normal" patrol and artillery activity in the Albanian campaign.

The daily Fascist war bulletin declared RAF bombers raided Turin, busy industrial center in northern Italy, "causing some damage and wounding several," and noted RAF attacks on Venice and Catania.

Dispatches from the Yugoslavian border unconfirmed by official Greek sources, said the Greek army had captured Tepeleni, a strategic village in central Albania. The Italians were reported still retreating northward since the fall of Kilsura, about 10 miles east of Tepeleni.

British Libyan forces still were hauling guns from Bardia area to surround Tobruk, 70 miles away, and putting them into action against outlying Italian defense points.

The important Fascist outpost at Giarrub oasis, 150 miles south of Bardia, was said to have been cut off by the British.

The Italian High Command reported one British cruiser in the Mediterranean was struck in a joint German-Italian air attack, and that another cruiser was "seen sinking" after an Italian torpedo attack.

Loss of one Italian torpedo boat was acknowledged by the High Command which said two British destroyers also were set on fire.

Liner Is Still Stranded Off Florida Coast

 200 cruise passengers and 556 crew members aboard when the 24,289-ton ship went aground last night.

Rescue craft steamed for the scene to carry out floating operations at the first full tide.

Why the Manhattan struck bottom in clear, relatively calm weather, no one ashore could tell. Most southbound vessels hug the southeast Florida coast to avoid backing the gulf stream.

The United States line ship was headed for California via the Panama Canal.

Whether the boat hit an uncharted reef or wandered off course were points which remained to be cleared up.

First news of the Manhattan's plight came in a message from the master, Captain G. V. Richardson, who wirelessd about 8:30 p. m. (EST).

"SS Manhattan ashore off Lake Worth inlet. Requires assistance. Coast Guardsmen in a small boat went alongside and were told the liner needed the help of other craft in getting free. Those aboard small craft, hovered in the vicinity, craft which hovered in the vicinity, reported there was no excitement among the Manhattan's passengers, who left New York Friday night.

They said the waves, which tended to drive the ship farther ashore, were washing about the large American flag painted on the side as a precaution when she was used to bring United States citizens out of the European war zone.

The brilliantly-lighted liner could be seen easily from the federal highway which skirts the beach at the point, about five miles north of here.

The Manhattan is 668 feet long and draws 33 feet.

Manning Spends Night In Air Raid Shelter, Sees Full Cycle of Life

After the couple marched down the aisle to a wedding march played by accordion and violin, Father Grosser read the ceremony.

Boy Is Born, Couple Wed, Man Killed

BY PAUL MANNING

NEA Service Staff Correspondent
London, Jan. 13. Twelve hours in London's largest underground air-raid shelter and you get the whole life cycle of birth, marriage and death.

It was that way last night.

First Birth—

A mother gave birth to a boy in the first-aid room of the 5000-capacity East End shelter.

It was her seventh child, and the nurses were going to name it Number 11 because the shelter had been particularly busy since the last child was born. There was a last-minute change, however, and the baby was finally registered in the shelter log with the name of Dr. Ross, who delivered it.

The nurse who assisted said there was great excitement for a while as several hundred lined up outside the door waiting for news.

When she stepped outside for a moment with the baby wrapped in a blanket, a cheer went up and for a moment she expected the crowd to break into the F. L. R. Jones christening scene, shouting "Sing Out the News."

For though "Sing Out the News" never played London, this nurse knows well that snash scene when all Harlem celebrates the birth of

neighbor's child. She was in New York two years ago when "Sing Out the News" was a Broadway hit. She returned when war was declared and has been doing the same thing ever since. During the last six months the 12 hours shelter has seen a birth, a marriage and a death.

Then Marriage—

The little blond girl of 21 had been planning this marriage for six months. She was a student at the local university and had been working in the shelter since the last war. Her fiancé was a young man who had been in the army and was now a clerk in a local office.

The wedding was held in the shelter's first-aid room. The bride wore a simple white dress and the groom wore a dark suit. The ceremony was performed by a local minister who had been in the shelter since the last war.

The bride and groom were surrounded by a crowd of friends and family who had gathered in the shelter. The ceremony was a simple one, but it was a happy occasion for all concerned.

After the ceremony, the bride and groom were seated at a table with their friends. The shelter's staff served a simple meal and the atmosphere was one of joy and celebration.

The bride and groom were both smiling and looking at each other. The bride was holding a small bouquet of flowers and the groom was holding her hand. The crowd around them was cheering and clapping.

NOT A REAL HOME
As a rule, birds do not use their nests for sleeping purposes. Only the parent incubating the eggs remains in the nest at night; the other parent usually sleeps nearby.

CAN YOU ANSWER YES TO ANY OF THESE QUESTIONS?

1. Are You Going to Move Soon? (Yes - No)
2. Are You Planning to Order a New Telephone Directory? (Yes - No)
3. Do You Want a New Listing in a New Directory? (Yes - No)

If your answer is yes, please call the Bell Telephone Business Office at your first opportunity! The new Telephone Directory will go to the printers soon. Now is the time to let us know if you want a new or changed listing!

It pays to be in the telephone book—where people look when they want to call you. And it pays to have a telephone—to save yourself time and trouble and to give you a better business and protection of your interests.

PROGRESS

What has been done this year in Medical Science of which we may be proud?

Much, we would say—but the work never lags. The scientist, the research chemist, and the regular practicing Physician are unceasingly working toward the elimination of human suffering.

Cancer, asthma, hay fever, tuberculosis, the common cold, neuritis—and all the other physical ills that have not been fully conquered—are having millions of dollars, and untold scientific energy expended on their eventual extermination. From one end of the world to the other this progress in health goes on, but no greater service is being accomplished than the gradual awakening of men and women to the good sense of PREVENTION of disease and ill-health.

Taking care of, and preserving good health, and building walls of energy against invasion—much has been accomplished along these lines of education this last year. Let's keep up the good work.
